Card Organization

Published June 09, 2010

Divinistas with the oodles of gift and discount cards, it's time to organize your wallets! Luckily, this task isn't quite as hard as it looks. Thanks to our new favourite accessory, **The Card Cache**, we just punch a hole in each card, thread the cable through and clasp it shut. Just toss it in your purse, and swipe your cards when needed. Happy shopping!
